

Pedagogical Challenge - *Prep work for being CLG Presenter*

Directions:

Make a copy of this template and complete it in preparation for being presenter for your CLG.

Please share this *in advance* with your facilitator, who can give feedback.

After presenting, you will reflect on the session and what you took away from it.

Link to your portfolio of practice in the appropriate spot. Make sure your CLG lead has permission to access it.

General statement of challenge

Background Information for CLG about Class

<Include information such as class, number of students, goals for the lesson>

Context for this Pedagogical Challenge

<Describe information to give us context for how the pedagogical challenge came about and what you see as the challenge. >

My Pedagogical Challenge: I would like help with the following question:

Task being worked on for this class *<insert link to task and any needed description>*

Artifacts to share *(as needed, include links) (make sure you blind student work if sharing)*

Reflection

<<reflect/record within 2 days after you present>>>

- 1) What did you take away from the CLG session? (think both about take aways that were specific to your question, as well as those that transcend beyond this one instance)
 - 2) What concrete ideas might you try as you move forward? What questions remain?
